ABOUT US

Stitchy Bunny — Where performance meets perfection.

At Stitchy Bunny, we specialize in creating premium custom sportswear, outerwear, fitness apparel, gym wear, Polo shirts and T-shirts for brands around the globe. From concept to creation, our mission is to deliver performance driven gear that combines quality, comfort, and style. With years of industry expertise, we take pride in our advanced manufacturing capabilities covering everything from research and development to cutting, sewing, finishing, and quality control. Every piece we produce reflects our commitment to precision, durability, and innovation.

Whether outfitting athletes, sports teams, or lifestyle brands, we work closely with our clients to bring their vision to life. By blending modern design with expert craftsmanship, Stitchy Bunny has become a trusted partner for brands seeking apparel that performs as good as it looks.

OUR JOURNEY

STITCHY BUNNY

Our Vision

A globally recognized organization known for its innovation, professionalism, ethical values, and commitment to sustainability.

Our Mission

Our mission is to manufacture top quality products through a strong commitment to excellence, innovation, and sustainability delivering greater value to our customers while ensuring competitive returns for our stakeholders.

SUSTAINABILITY

At Stitchy Bunny, we're committed to creating fashion that's both stylish and sustainable. Our products are thoughtfully created with attention to detail, using responsibly sourced materials like recyclable polyester and ethically obtained goose or duck down and feathers.

We also support continuous recycling efforts through facilities like the Greenhouse Recycling Center. Because making a positive impact is always in style.

CSR

At Stitchy Bunny Outerwear, we strongly believe that corporate success is deeply connected to social well-being. We are committed to creating an environment that supports the personal and professional growth of our team.

From monthly rations and health benefits to educational and financial assistance, we support not only our employees but also underprivileged families in the surrounding areas. Social responsibility is at the heart of everything we do.

MANUFACTURING CAPABILITIES

We specialize in high-quality custom sportswear and fitness apparel, offering advanced stitching, sublimation, embroidery, and heat transfer printing. From prototypes to bulk orders precision, consistency, and durability are at the core of every piece we produce.

• R & D

Our R&D team focuses on material innovation, trend forecasting, performance testing, and design optimization. We work closely with clients to develop prototypes, test garment functionality, and refine fit, fabric, and finish before bulk production.

• CUTTING

We use precision cutting machines and manual techniques to ensure accurate sizing and minimal fabric wastage. Each piece is cut according to digital patterns that are optimized for efficiency and consistency.

• FILLING

Insulation is applied using high-quality down-like synthetic or natural materials, depending on client requirements. The process ensures even distribution, maximum warmth, and lightweight comfort—ideal for performance outerwear.

• QUILTING

Advanced quilting machines are used to stitch patterns that not only secure the insulation but also add structure and aesthetic appeal. Quilting also helps in enhancing durability and maintaining insulation integrity.

• SEWING

Skilled craftsmen handle each garment with precision, using industrial sewing machines for strength and fine detailing. Seam reinforcements, stretch stitching, and technical sewing methods are used to ensure long-lasting wear.

• FINISHING

Every piece goes through thorough inspection and quality control. We handle ironing, thread trimming, branding applications (labels, tags, logos), and packaging. Final products are prepared for immediate shipping, retail display, or e-commerce fulfillment.

Professional & Straightforward:

BLIZZARD BREAKER SKI JACKET

STITCHY BUNNY

INSIDE POCKET

REMOVEABLE HOOD

A perfect fusion of style and function, this jacket features down-like synthetic insulation for superior warmth. With a snow skirt, adjustable cuffs, removable hood, and ski vents, it's built to keep you warm, comfortable, and ready for the slopes.

OFFERED IN A FULL RANGE OF COLORS:  | **Size:** XS S M L XL XXL XXXL

BOTTOM LEG ADJUSTERS

Our ski pants are engineered for peak performance, giving you the freedom to carve with confidence. An adjustable waistband ensures a secure fit over your layers, while fully sealed seams provide all-day protection against snow and moisture. With three zip pockets and three flap pockets, your essentials stay close and accessible.

Built-in gaiters create a snug seal around your boots, keeping snow out and your ride uninterrupted.
